

## SABA-NJ Call for Proposals

### New Jersey Continuing Legal Education (CLE) Programs

SABA-NJ is expanding its CLE programming and invites members to submit ideas for potential programs. Our goal is to develop high-quality, practical CLEs that serve New Jersey legal practitioners and highlight the depth of expertise within our community.

SABA-NJ will handle program development, CLE accreditation, logistics, and promotion. We ask members to submit thoughtful topic proposals that reflect real educational value and practical relevance.

#### **When submitting a topic, please include:**

- Your name and contact information (email, phone number, employer name);
- Proposed topic and why it matters to NJ practitioners;
- A brief description of the program concept;
- Potential speakers (if known or have in mind);
- Whether you envision in-person, virtual, or hybrid format.

We welcome submissions across substantive law, ethics, litigation and transactional skills, DEI, professionalism, and emerging legal issues.

Please send submissions to [saba.nj.eboard@gmail.com](mailto:saba.nj.eboard@gmail.com).

The SABA-NJ CLE Committee will review submissions on a rolling basis and will work with submitting members and potential presenters, as appropriate, to develop selected proposals into CLE-accredited programs.

Please note: You must be a current SABA-NJ member for any proposal to be considered.

For questions, please contact the VP of Programming, Sara Khan-Duprat at [saba.nj.eboard@gmail.com](mailto:saba.nj.eboard@gmail.com).

Thank you for supporting this initiative to further strengthen and elevate SABA-NJ's programming and impact for our membership and the broader legal community.
